Dose Administration Aids Service

This service provides you with your medicines in a well-sealed, tamper-evident device. The device allows your individual medicine doses to be organised according to the dose schedule your doctor has directed. The Dose Administration Aids (DAA) Service is designed to assist you to better manage your medicines. The service aims to help to improve medicine use with the goal of improved health outcomes.

In order to receive this service you need to be a Medicare and/or Department of Veterans’ Affairs (DVA) cardholder, hold a current Australian Government issued concession card, live at home in a community setting; and have trouble managing your medications because of literacy or language issues, physical disability or cognitive difficulties or because you have to take five or more prescription medicines.

Under this service, your pharmacist will:

- assess your eligibility to receive the service
- obtain informed consent from you to receive the service
- select the appropriate DAA for your needs
- prepare the medicines in the DAA
- monitor your progress in using the DAA
- collect personal and sensitive information from you to enable the pharmacy to claim a payment for delivery of this service

If you provide your consent, the pharmacist will also:

- collect personal and sensitive information from you at the first patient registration appointment to allow the Australian Department of Health (the Department) to monitor and evaluate the program’s effectiveness; and
- collect personal and sensitive information from you at six monthly appointments after you start using the Dose Administration Aids service to allow the Department to monitor and evaluate the program’s effectiveness.

The Australian Government is paying $6 per week towards the cost of your DAA. You may be charged an additional fee by your pharmacy for the DAA. This additional fee is at the discretion of each pharmacy and is not mandated by the Australian Government.

You are still required to pay to obtain the medicines that will be packed into the DAA.

The Australian Government will pay for the full cost of data collection at your first registration appointment and also at each 6 monthly follow-up appointment. You will not be charged an additional fee by your pharmacy at these data collection appointments.

Your personal information is protected by law, including the Privacy Act 1988.

Collection of Personal Information to allow payment to your pharmacist

The Department and the 6CPA Administrator (the Pharmacy Guild of Australia) are collecting your personal information to verify your eligibility to
receive the Dose Administration Aids Service and enable the pharmacy to claim a payment for the delivery of the service to you.

Personal information, details about your eligibility for the service, the medications you are taking and other health information will be collected by your pharmacist and disclosed for this purpose.

If you consent to receive this service by completing and signing the consent form, your personal information will be collected for this purpose.

If you do not provide your consent to the collection of your information for this purpose, your pharmacist will not be able to assess your eligibility for the service and you will not be able to access a funded Dose Administration Aids Service. In this event, you may be required to pay for the cost of the service to your pharmacist.

Collection of additional information to allow monitoring and evaluation of the service

You also have the option of consenting to the Pharmacy Guild of Australia and the Department collecting your personal information for the purposes of monitoring and evaluating the Dose Administration Aids Service. If you consent, your personal information will be collected at an initial appointment and six monthly follow up appointments. Your personal information will also be disclosed to the Department’s contracted researchers (Health Consult Pty Ltd) for this purpose.

Personal information, details about your eligibility for the service, the medications you are taking and other health information will be collected by your pharmacist and disclosed for this purpose.

Your access to the Dose Administration Aids Service will not be affected if you do not provide consent to the collection of this additional information.

If any information is published as a result of the analysis, your information will be provided in such a way that you cannot be identified.
