

CAN I AMEND OR WITHDRAW A CLAIM THAT HAS ALREADY BEEN LODGED?

In most instances there are no issues with amending or withdrawing a claim before we have completed the assessment of it. If you have noticed there is an error in a claim that you would like us to correct, please email us at support@6cpa.com.au with a correct claim template or corrected claim information.

The exception to this is CI & DAA claims, as the Pharmacy Practice Programme Specific Guidelines state that no amendments can be made after the claim submission period has ended. As such, it is important to take particular care when lodging these claims.
